

2017 SECOND QUARTERLY REPORT

PRESIDENT'S STATEMENT

ASH PATEL
PRESIDENT & CEO

Commercial Bank of California's positive momentum increased in the second quarter of 2017, and our operating performance continues to strengthen.

We again registered substantial profits and growth in our assets, loans, and deposits.

Our continued emphasis on high credit quality resulted in non-performing loans totaling just \$5.2 million at June 30, 2017, compared to reserves of \$9.2 million. The Bank also had no Other Real Estate Owned (generally real estate acquired through foreclosure) as of June 30, 2017

Since our founding, our objective has been to build a quality institution like no other, with a commitment to top-quality, individualized service and the financial strength to make a real contribution to the success of our clients. That commitment, coupled with our focus on innovative technology and the creative expertise of the CBC team, has resulted in a powerful combination that is contributing to our growth in the marketplace. Moreover, we are achieving profitable growth without compromising our credit quality and lending standards. We believe that our current performance trends justify our confidence in the future.

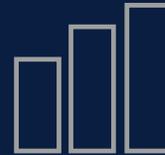

FINANCIAL HIGHLIGHTS

Net income increased substantially for the quarter and by 80.2% year-over-year

Total assets, net loans, and total deposits all increased from the prior year

Capital position remains well in excess of all "Well Capitalized" standards

This report includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements, other than statements of historical fact, included herein may constitute forward-looking statements. Although Commercial Bank of California believes that the expectations reflected in such forward-looking statements are reasonable, it can give no assurance that such expectations will prove to be correct. Important factors that could cause actual results to differ materially from Commercial Bank of California's expectations include fluctuations in interest rates, inflation, government regulations, and economic conditions and competition in the geographic and business areas in which Commercial Bank of California conducts its operations.

Financial results for prior periods have been adjusted to reflect the April 30, 2016 merger of Commercial Bank of California and National Bank of California.
